GARANIYA CHINTAN

SUMMARY

Eager to bring a comprehensive understanding of various subjects, honed through the CS50 Python course and python backend course to my first professional role. As a multilingual communicator fluent in Gujarati, Hindi, and English, I excel in thorough research and perfect execution. My dedication to excellence was cultivated during my time as a student, preparing me to contribute effectively to any team.

SKILLS

- I like to finish a full study for any particular subject that's why i use CS50 python course also
